1. HISTORY OF THE DOCUMENT

Version	Author	Date	Comment
2.4	Société Générale	1/18/2024	Update of the <i>Creating a MOTO payment</i> chapter.
2.3	Société Générale	10/15/2019	Update of supported payment methods.
2.2	Société Générale	7/15/2019	Addition of card types that support MOTO payments. Update of the MOTO payment creation process.
2.1	Société Générale	4/26/2019	Update of Mastercard logos in different windows.
2.0	Société Générale	1/10/2017	Initial version

This document and its contents are confidential. It is not legally binding. Any reproduction and / or distribution of all or part of this document or its content to a third party is strictly prohibited or subject to prior written authorization from Société Générale. All rights reserved.

2. PRESENTATION OF THE MOTO PAYMENT SERVICE

The MOTO payment service allows to manually enter payments via the Merchant Back Office. It is usually used in catalog retailing or for finalizing distance sales.

The service is accessible to users authorized to perform operations manually.

The merchant has the possibility to manually register:

- payments (immediate and deferred).
- installment payments.

The activation of the payment in installments feature is subject to the prior agreement of Société Générale.

3. PAYMENT METHODS THAT SUPPORT MOTO PAYMENTS

Payment methods	Network
AMEX	AMEXGLOBAL
AURORE-MULTI	AURORE
CB	CB
E-CARTEBLEUE	CB
MASTERCARD	CB
VISA	CB
VISA_ELECTRON	CB
VPAY	CB
SDD	SEPA

MAESTRO cards do not support MOTO payments.

4. SIGNING IN TO THE MERCHANT BACK OFFICE

Your Back Office is accessible via:

<https://sogecommerce.societegenerale.eu/vads-merchant/>

The screenshot shows the login interface for the Sogecommerce Merchant Back Office. At the top, the Sogecommerce logo is displayed, followed by the Clic&Pay logo. Below this, the text 'MERCHANT BACK OFFICE' is centered. The login form consists of two input fields: 'ID' (with a person icon) and 'Password' (with a lock icon and an eye icon for visibility). Below the password field is a link for 'Forgotten password or locked account?'. A prominent red 'Sign in' button is located below the form. At the bottom left, there is a PCI DSS COMPLIANT logo, and at the bottom center, there is a 'Help' link and the text 'Copyright© 2024 All rights reserved'.

1. Enter your username.

Your connection identifiers (username and password) are sent to you in an e-mail with the subject **Connection identifiers - [your shop name]**.

2. Enter your password.

Your connection identifiers (username and password) are sent to you in an e-mail with the subject **Connection identifiers - [your shop name]**.

3. Click Sign in.

The user account is blocked after 3 wrong password entries. If your account is blocked, click **Forgotten password or locked account** to reset it.

The user password is valid for 90 days. After this period, the user must modify it by logging into their account.

5. USING THE MOTO PAYMENT SERVICE

1. Select the **Management > Transactions** menu.

Note:

Depending on the user profile, it is possible to make test MOTO payments. To perform test MOTO payments, select the menu **Management > TEST transactions**.

The transaction page appears.

2. 2 functionalities are available: **MOTO payment** and **Installment payment**.

The activation of the payment in installments feature is subject to the prior agreement of Société Générale.

5.1. Creating a MOTO payment

The following process describes the creation:

- of immediate payments
- of deferred payments
- of installment payments (with fixed amounts and payment dates)

The activation of the payment in installments feature is subject to the prior agreement of Société Générale.

To create a payment:

1. Click **MOTO payment**.

The shop list appears if you have several shops.

2. Select the desired shop.

The MOTO payment page appears.

By default, the **Express** MOTO payment page is displayed. This payment page allows you to create transactions with the most commonly used payment methods.

- a. Activate the buyer's payment method.

Depending on the payment method, the CVV may be mandatory/optional and visible/invisible.

- b. Enter the transaction amount.
- c. Select the transaction currency.
- d. Enter the payment card number.
- e. Select the expiry date.
- f. If you wish, you can enter the CVV, but it is optional.
- g. Click the **Create** button to validate the transaction.

An authorization request is sent to the buyer's bank, the issuer, in addition to internal fraud verification on the payment gateway. If successful, the detail of the transaction is displayed.

The merchant can display the MOTO payment page creation wizard by clicking the **Wizard** button. This page presents all the card types accepted by the shop. It also allows you to register more details during the transaction.

The screenshot shows a 'MOTO payment' dialog box with the title 'Step 1 of 3: Payment method and amount'. It features a 'Payment' section with the following fields:

- Payment method *: A drop-down menu.
- Token: A text input field with a drop-down arrow.
- Currency *: A drop-down menu showing 'EUR'.
- Amount *: A text input field with a red dashed border.
- Order reference: A text input field.
- Order details: A larger text input area.

At the bottom of the dialog, there is an 'Express' button with a lightning bolt icon, and 'Next >' and 'Cancel' buttons.

- a. Select the buyer's payment method from the drop-down list.
- b. For a payment by **Token**:
 - Enter the first four digits of your token.
 - If you forget, search for the digits of your token from the **Management > Recurring payments** menu.
 - Select your token from the list.
- c. If the buyer's card is valid or if it is a direct debit payment, the payment method data is filled in automatically.
- d. Enter the transaction amount.
- e. Select the transaction currency.
- f. You can enter the order reference and complementary order details, if you wish.
- g. Click the **Next** button.
- h. If the buyer pays by token, the card number is automatically recorded.

Payment method details

Amount: 100.00

Card number: 597010XXXXXX0018

Exp. date: December 2029

Requested capture date *: 30/08/19

Validation *: Automatic

< Previous Next > Cancel

- i. Otherwise, enter the payment card number and the expiry date.

Informations moyen de paiement

Montant: 100,00 EUR

Numéro de carte *:

Validation *: Automatique

< Previous Next > Cancel

- j. Select the expiry date.
- k. If you wish, you can enter the CVV, but it is optional.
- l. Select the validation mode.
By default, the transaction validation is performed in **Automatic** mode. If you select the **Manual** mode, you will have to validate the transaction before the requested capture date at the bank.
- m. Check the **Installment payment** box if you wish to debit the buyer's card in installments.
 - a. Then, enter the **number of installments** as well as the **interval** (in days) between each payment.
 - b. If you wish, you can specify the amount of the first installment. Otherwise, all the installments will have the same amount.
- n. Click the **Next** button.
- o. When the summary page appears, you can fill in the buyer details.
If you enter the buyer's e-mail address, he or she will receive an e-mail with the transaction details.
- p. Click the **Create** button to validate the transaction.
An authorization request is sent to the buyer's bank, the issuer, in addition to internal fraud verification on the payment gateway. If successful, the detail of the transaction is displayed.

5.2. Creating a personalized installment schedule

The activation of the payment in installments feature is subject to the prior agreement of Société Générale.

This process presents the creation of an installment payment, where the amounts and the installment dates can be modified by the merchant.

1. Click **Installment payment**.

The shop list appears if you have several shops.

2. Select the desired shop.

The MOTO payment page appears.

3. Select the buyer's payment method from the drop-down list.

4. For a payment by **Token**:

- Enter the first four digits of your token.
- If you forget, search for the digits of your token from the **Management > Recurring payments** menu.

- Select your token from the list.
5. Enter the transaction amount.
 6. Select the transaction currency.
 7. Enter the number of installments.
 8. If necessary, change the date of the first installment.
 9. Enter the interval in days between the capture date of each installment.
 10. Enter the amount of the first payment or click on the calculator to calculate and enter this amount automatically.
 11. You can enter the order reference and complementary order details, if you wish.
 12. Click the **Next** button.
 13. You can make changes on the payment schedule management page.

Requested capture date *: 30/08/19

Validation *: Automatic

Installment payment

Installment payment: Number of installments:

First amount: Interval: Days

All the merchant needs to do is check the **Installment payment** box and fill in the information about the amount of the first installment, the installments and the number of interval days before completing the transaction.

After creating the installment payment, the list of transactions in progress will be presented as follows:

- The status of the first direct debit is **Waiting for capture**.
- The status of other installments is **Waiting for authorization**.

Transaction	Order	Type	Payment date	Status	Payment amou...	Capture date	Payment method
949264		Debit	30/08/2019 11:55:08	Waiting for capture	EUR 50.00	30/08/2019 11:49:08	●
949264		Debit	30/08/2019 11:55:08	Waiting for authorizat...	EUR 50.00	29/09/2019 11:49:08	●
949264		Debit	30/08/2019 11:55:08	Waiting for authorizat...	EUR 50.00	29/10/2019 11:49:08	●
949264		Debit	30/08/2019 11:55:08	Waiting for authorizat...	EUR 50.00	28/11/2019 11:49:08	●

6. MOTO PAYMENT SETTINGS

The configuration of MOTO payment options allows to customize the display and to condition the default responses.

There are two ways of displaying the configuration page for MOTO payments:

1. Go to the **Settings** menu of Merchant Back Office.
 - a. Select the **Settings menu > Shop > [Your shop]**.
 - b. Display the **MOTO payment settings** tab.
2. Use the **Settings** button of the Express MOTO payment page.

6.1. Conditioning the responses of available fields

The merchant has the possibility to personalize the available fields in MOTO payment settings.

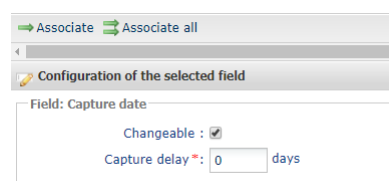

The merchant can set the fields from the list of available fields to **required** or **modifiable**.

Name	Mandatory	Changeabl	Default value
Capture date	Yes	Yes	0 days
Manual validation	-	Yes	No (Automatic)
Buyer e-mail address	No	Yes	
Buyer language	No	Yes	
Order reference	No	Yes	
Order details	No	Yes	

For example, to configure the **Capture date**.

1. The merchant clicks on the **Capture date** field.

The field configuration page appears below.

2. The merchant checks or unchecks the **Modifiable** box.

3. The merchant enters the desired number of days for the transaction capture delay in the bank.
By default, the capture delay is 0 days. The payment is captured by the bank on the same day.
4. The merchant can click the **Associate** button to display the **Capture date** field among the visible fields in the Express MOTO payment.
5. The merchant clicks the **Save** button to confirm the settings.

The merchant will proceed in the same way to configure the fields:

- Manual validation
- Buyer's e-mail address.
- Buyer's language.
- Order reference.
- Complementary information about the order.

6.2. Configuring visible fields for the express payment method

The visible fields in express MOTO payment are locked by default.

Fields shown in the Express MOTO payment			
Name	Mandatory	Changeabl	Default value
Payment method	Yes	Yes	
Amount	Yes	Yes	
Currency	Yes	Yes	
Card number	Yes	Yes	
Exp. date	Yes	Yes	
Security code	No	Yes	

Depending on the user rights, the merchant can:

- change the display order
- add a field via **Available fields**
- remove a field
- change field settings
- preview the settings
- save changes

7. IDENTIFYING SPECIFIC ASPECTS OF PAYMENT METHODS

Depending on the payment method, some details may be required, optional, visible or hidden.

- **CB, MASTERCARD, VISA.**

Available **MOTO payments** and **Installment payments**.

Field name	Required value
Card number	✓
Expiry date	✓
CVV number	
Requested capture date	✓

- **AMEX.**

Installment payment unavailable.

Field name	Required value
Card number	✓
Expiry date	✓
CVV number	✓
Requested capture date	✓

- **Private cards that cannot finance the purchase.**

For some payment methods, a minimum amount is defined for immediate payment.

If the amount of your purchase is below this limit, an error message appears in order to direct the transaction to another payment card.

Notes

For some payment methods, the cardholder must be at least 18 years old. If the date of birth corresponds to a younger age, the system blocks the purchase.

If the expiry date of the card is BEFORE the last scheduled installment, an error is also reported.

8. OBTAINING HELP

Looking for help? See our FAQ:

<https://sogecommerce.societegenerale.eu/doc/fr-FR/faq/faq-homepage.html>

For any technical inquiries or if you need any help, contact [technical support](#).

In view of facilitating the processing of your requests, please have your shop ID ready (an 8-digit number).

This information is available in the “registration of your shop” e-mail or in the Merchant Back Office (**Settings > Shop > Configuration**).
